PhD Nursing
Student Handbook
2012-2013

Updated August, 2012
Dean’s Message

Welcome Students,

It is with pleasure that I welcome you to the University of North Dakota. Congratulations on embarking on your new career in nursing with us. You are entering an exciting time in the delivery of health care and your experiences with us will provide the leadership necessary for your future. During your studies in the College of Nursing you will be exposed to challenging courses, exceptional faculty and wonderful mentors. The faculty and staff are here to support your program of study and will assist you with all the phases of your academic journey.

We have prepared this Doctoral Nursing Handbook to provide you with information about academic and general student matters that can facilitate your learning experiences and interactions here at the University of North Dakota College of Nursing. Other publications that will help you are the University of North Dakota Undergraduate and Graduate Academic Catalog, the Graduate Student Handbook: Master’s Degree, and the Code of Student Life. These publications are available at the Registrar’s Office, the Graduate School, and the Dean of Students Office.

The faculty and staff are here to help you succeed in your master’s nursing education. Please feel free to consult with us if you need further information or clarification on any content in this Handbook.

Wishing you a successful school year,

Denise M. Korniewicz, PhD, RN, FAAN
Professor and Dean

Liz Tyree, PhD., RN
Clinical Associate Professor
Director, PhD Program
DIRECTORY

Welcome to the University of North Dakota College of Nursing. The Administration, Faculty and Staff in the College of Nursing (CON) are here to assist you.

The following is a brief overview of the “layout” of the CON Building to help you find your way around. The College of Nursing is comprised of 3 floors.

1ST FLOOR: Computer Labs
   Clinical Resource and Simulation Center (CRSC)
   Rooms 101, 103, 103B, 103D, 103E 103H, 105 and 107
   Student Lounge with Microwave, refrigerator, and coffee pot
   Telephone: no charge for local calls
   Two large classrooms (102 and 108)
   Two Offices (104 and 106)
   Information Directory for Administration, Faculty, and Staff (next to the elevator)
   Photocopy machine for student use
   Scholarship Information Center
   Bulletin Boards for announcements
   Restrooms

2nd FLOOR: Classrooms
   Office Space – GTAs, Technology Support
   Restrooms
   Graduate Reading Room (211)

3rd FLOOR: Administrative, Faculty, and Staff offices for the College of Nursing and RAIN Program
   Study Rooms
   Restrooms
   Conference Rooms
   Walkway to the Northern Plains Center for Behavioral Research

NORTHERN PLAINS CENTER FOR BEHAVIORAL RESEARCH (NPCBR): The NPCBR is the first research and academic building supported by the National Institutes of Health for nursing research ever in the nations. It is fully dedicated to interdisciplinary and translational research with partners across the campus and the state and reflects the value the College places on research and learning.
KEY ADMINISTRATIVE AND STAFF:
You will get to know each of the faculty as you enroll in your classes or participate in various function/committees with them within the College of Nursing. The following are key individuals with the College of Nursing.

Dean: Dr. Denise Korniewicz (Room 369, 777-4555)
Administrative Assistant to the Dean: (Room 369, 777-4555)

Vice Dean: Dr. Laurel Shepard (Room 361, 777-4543)
Administrative Assistant to the Vice Dean: Jane Beasley, (Room 360, 777-4532)

Graduate Nursing Chair: Dr. Laurel Shepard (Room 361, 777-4543)
Department Secretary for Graduate Nursing: Teresa Evanson (Room 352, 777-4556)

Undergraduate Nursing Chair: Stephanie Christian (Room 357, 777-4505)
Department Secretary for Undergraduate Nursing: Tammy Batzer (Room 354, 777-4542)

Associate Dean for Research: Dr. Cindy Anderson (NPCBR Room 340, 777-4354)

Director for Clinical Resource and Simulation Center: Darlene Hanson (Room 323, 77-4551)
Assistant Director for Clinical Resource and Simulation Center: Sandy Wells, (Room 106, 777-4520)

Director of RN to BSN Program: Chris Markut (Room 321, 777-4514)

Director of the PhD Program: Dr. Elizabeth Tyree (Room 355, 777-4522)

Director of Office of Student Services: Lucy Heintz (Room 307, 777-4513)
Office of Student Services Staff
Receptionist and Records Officer: Beth Toay (Room 302, 777-4174)
Academic Advisor and Recruitment Specialist: Marlys Escobar (Room 301, 777-4534)
Academic Advisor and Recruitment Specialist: Valerie Bauer (Room 303, 777-4541)
Academic Advisor and Admissions/Records Specialist: Teri Wright (Room 308, 777-4548)
Academic Advisor and Admissions/Records Specialist: Pam Henderson (Room 360, 777-4552)

Coordinator of the RAIN Program: Debra Wilson (Room 344, 777-4519)
Business Officer: Tom Miller (Room 362, 777-4516)

OVERVIEW

College Of Nursing Mission Statement and Philosophy – Policy 400

The College of Nursing shares the mission of the University of North Dakota: serve the state, the country, and the world community through teaching, research, creative activities and service; through sponsorship and encouragement of basic and applied research, scholarship and creative endeavor, the University contributes to the public well-being; encourages students to make informed choices, to communicate effectively, to be intellectually curious and creative, to commit themselves to lifelong learning and the service of others, and to share responsibility for both their own communities and for the world.

The mission of the College of Nursing is to educate individuals for professional roles in nursing and nutrition. The College of Nursing strives to enhance the health of people in the region, nation, and across the globe by preparing leaders in nursing and nutrition through innovative, accessible programs, and significant faculty and student scholarship and service.

Nursing Philosophy

The hallmark of professional nursing is the art of caring with the thoughtful application of the knowledge of the discipline in accordance with recognized standards of practice.

- Nurses care for clients holistically, knowing that health is personal and influenced by multiple factors.
- Nursing history and tradition address disparities in the health of all populations and emphasize development of human potential.
- Nurses collaborate with recipients of nursing care and others to prevent illness, alleviate suffering, and promote, protect and optimize the health of individuals, families, groups, communities and populations.
- Nurses are committed to serving vulnerable, rural and underserved populations.
- Nurses bring discipline, specific knowledge, competencies, and values to the inter-professional healthcare team.
- The context of nursing is dynamic, complex and multidimensional.

Professional nursing practice is supported by a sound knowledge base.

- Research informs and builds our profession.
- Nursing education at the baccalaureate level integrates content from the arts and humanities, social and physical sciences, and requires competencies in patient care technology, communication and information management.
- Coursework enhances personal and professional skills, promotes lifelong learning, clinical leadership, and evidence-based practice within a context of globalization.
- Education at the master’s level prepares graduates who apply knowledge of the discipline and generate theory-based research for specialized nursing practice.
• Education at the doctoral level enables nurse scientists to make significant original contributions to the body of knowledge.

Teaching is a process designed to facilitate learning within an academic environment that is student centered and supports various learning styles and diverse cultural perspectives. Students and faculty are active and responsible participants in the venture of learning and research. Faculty utilizes innovative teaching methods to guide nursing students as they acquire the knowledge, skills, and ability to function independently in diverse settings.

**ACCREDITATION**

The Bachelor of Science, Master of Science and Doctor of Philosophy Programs in Nursing are accredited by the Commission on Collegiate Nursing Education (CCNE).

**ADMINISTRATION**

The administration of the College of Nursing is led by Dr. Denise M. Korniewicz, PhD R.N., FAAN, Dean and Professor. The Vice Dean and Chair, Graduate Nursing program is Dr. Laurel Shepherd PhD, RN and Stephanie Christian, MS, RN, CCRN, Chair, Undergraduate Nursing program.

**STATEMENT OF NON-DISCRIMINATION**

“It is the policy of the University of North Dakota that there shall be no discrimination against persons because of race, color, genetic information, national origin, religion, sexual orientation, gender identity, sex, age, creed, marital status, veteran’s status, political belief or affiliation, and that equal opportunity and access to facilities shall be available to all. This policy is particularly applicable in the admission of students in all colleges and in their academic pursuits. It is also applicable in University owned or University approved housing, food services, extracurricular activities, and all other student services. It is the guiding policy in the employment of students either by the University or by outsiders through the University and in the employment of faculty and staff."

*From 2012-2013 UND Code of Student Life, Appendix I-1-C*

**DOCTORAL NURSING PROGRAM OBJECTIVES**

• Synthesize and critically evaluate the literature of nursing and related fields to identify issues and critical gaps in scientific nursing knowledge.

• Make significant original contributions to scientific nursing knowledge through the interdisciplinary and independent conduct of basic and clinical research.

• Contribute to the development of scientific methodology for nursing research congruent with the broad concerns of the discipline (physiological, biobehavioral, spiritual, and psychosocial).

• Complete research and direct application of findings in an environment characterized by commitment to high standards of ethical conduct, including, truth, honesty, freedom of inquiry and intellectual autonomy.

• Display readiness for post-doctoral study and early research program development through recognition of high achievement in research and scholarship.
• Develop and assume roles that facilitate discovery, application, and integration of new nursing knowledge.

ADVISEMENT AND REGISTRATION

ACADEMIC ADVISEMENT
Each doctoral student is assigned an advisor in the Office of Student Services and a temporary faculty advisor. Your temporary faculty advisor assignment is identified in your letter of acceptance and on Campus Connection. Make appointments through “Appointments Plus”. You are strongly encouraged to initiate contact with your temporary advisor early and as you progress in defining your research topic with four goals:

• Scheduling your courses
• Selection of a permanent advisor
• Defining your dissertation topic
• Developing your Program of Study, minimally once a semester.

Forms for Advisor and Committee Appointments and the Program of Study are on the Graduate School web page http://graduateschool.universityofnorthdakota.edu/graduate-students/current/forms.cfm. Your Major Advisor will help you identify your dissertation committee, designed to include the essential expertise needed to complete your dissertation and promote your development as a nurse scientist. Nursing policy regarding change of committee and or Major Advisor is in Appendix A.

*See Appendix A for Appointment and Change of Major Advisory Committee or Major Advisor – Policy 609

REGISTRATION
The PhD in Nursing is offered through Online and Distance Education (ODE) with the main phone line 701-777-3000. Registration for classes requires an ODE Permission Number. Contact the Academic Planning Assistant Director, Enrollment Management for the permission number at 701-777-3308.

ACCESS OF INFORMATION
In accord with the University Policy (Code of Student Life (http://und.edu/student-affairs/code-of-student-life/_files/docs/code-of-student-life.pdf), Section 8 Student Records) and the Family Educational Rights and Privacy Act of 1974, amended 1998, the College of Nursing accepts responsibility for the confidentiality of the educational records of nursing students and nursing graduates. To carry out that responsibility, the College adheres to the following policies:

Directory Information: (Section 8-2 of Und Code of Student Life)

EDUCATIONAL RECORDS: (ALSO SEE SECTION 8-3 OF UND CODE OF STUDENT LIFE)

Educational records housed in the College of Nursing include information directly related to the student’s academic progress including registration and course information, transcripts, evaluations, notes regarding academic performance, advisor notes, copies of references, correspondence, application information,
scholarship information, immunization, health insurance and certification information. No financial records or medical information is included with the exception of information provided to the College by the student.

The student’s educational record is accessible to University personnel, who shall be defined as faculty, department chairs, advisors, and administrative personnel who have responsibilities related to a specific student. This College of Nursing policy is essential because of: (1) the legal liability of faculty for the performance of students, and (2) the need to protect students and the public.

Information on all students shall be released to licensing boards, prospective employers, and scholarship agencies only upon request by the student. The Consent to Release Information form is available from the Admissions Records & Advising Associate or your faculty advisor. The above and other aspects of Section 8 of the Code of Student Life shall be observed in the College of Nursing.

**DOCTORAL NURSING CURRICULUM**

The purpose of the Doctor of Philosophy in Nursing program is to prepare nurses for research and faculty roles with a research emphasis on care of vulnerable and diverse populations. The program is designed with both post-baccalaureate and post-master’s entry points.

*See APPENDIX B for Doctoral Nursing Curriculum*

The Nursing PhD program meets the standards of the American Association of Colleges of Nursing as published in “The Research-Focused Doctoral Program in Nursing: Pathways to Excellence” (2010). As an online distance program, special attention is given to Essential Element IV “Create an environment in which mentoring, socialization of students as research scholars and the existence of an intellectual community of scholars is evident. In addition, create an environment in which processes and opportunities are provided to students to generate new knowledge and application from the faculty’s or student’s research.” In order to fulfill this objective the program requires participation in a variety of scholarly activities reflected in the “Program Requirements”.

**UND GRADUATE SCHOOL SCHOLARLY FORUM**

Each year the UND Graduate School hosts the Scholarly Forum, a campus-wide forum showcasing the research and creative scholarship of graduate students and faculty from all colleges. The Scholarly Forum includes panel sessions, oral presentations, art exhibits, and a research poster session. All graduate students are welcome and encouraged to participate. The UND Graduate School’s Scholarly Forum is presented over two days, usually in late February or early March. The call for abstracts will be announced in November with event details and submission forms posted on the UND Graduate School website.

*See APPENDIX C for Doctoral Program Requirements*

**BACKGROUND CHECKS AND STUDENT IMMUNIZATION TRACKER**

Students who are currently enrolled must submit to and satisfactorily complete an annual background check as a condition of continuing enrollment in the College of Nursing. Students may need to complete additional background checks if required by an agency prior to conducting a research study.

The College of Nursing currently uses Certified Background as the vendor for all background checks. In addition to providing background check services, Certified Background provides a "Student Immunization
Tracker”. This will allow you to submit your health verification documents electronically to be organized and maintained by the company. You will have electronic access to your documents and the ability to provide access to the College of Nursing agencies and employers. Additionally, Certified Background will send you weekly e-mail reminders of missing health records as needed by the College of Nursing. This will assist you in the process of having all of your required verifications on file by the deadline before classes begin each semester.

**BACKGROUND CHECKS FOR APPLICANTS AND STUDENTS OF COLLEGE OF NURSING - POLICY 616**

**APPLICABILITY**
This policy applies to all graduate students in the College of Nursing.

**POLICY**
Graduate applicants must submit to and satisfactorily complete the approved UND College of Nursing background check as a condition of admission. And offer of admission is contingent upon the successful completion of the background check(s) with results deemed favorable. Admission may be denied or rescinded based on the outcome of the background check.

Additionally, graduate students who are currently enrolled must submit to and satisfactorily complete an annual background check as a condition of continuing enrollment in the College of Nursing. Students may need to complete additional background checks if required by an agency prior to participation in a clinical experience. Students who refuse to submit to the background check or do not pass the background check as defined by the College will be dismissed from the program.

**RATIONALE**

- Health care providers are entrusted with the health, safety and welfare of clients, have access to controlled substances and confidential information, and operates in settings that require the exercise of good judgment and ethical behavior. Thus, an assessment of a graduate student or graduate applicant’s suitability to function in such a setting is imperative to promote the highest level of integrity in health care services.

- Clinical facilities are increasingly required by accreditation agencies, such as Joint Commission of Healthcare Organization (JCAHO), to conduct background checks for security purposes on individuals who provide services within the facility and especially those who supervise care and render treatment. To facilitate this requirement, educational institutions have agreed to require these background checks for students and faculty.

- Clinical teaching and research experiences are an essential element in certain curriculum programs. Students who cannot participate in such experiences due to criminal or other adverse activities that are revealed in a background check are unable to fulfill the requirements of the program. Additionally, many healthcare licensing agencies require individuals to pass a criminal background check as a condition of licensure or employment. Therefore, it is in everyone’s interest to resolve these issues prior to a commitment of resources by the College of Nursing/UND, the graduate student or applicant.
The UND College of Nursing is obligated to meet the contractual requirements contained in affiliation agreements with the various community facilities.

The North Dakota State Board of Higher Education requires student criminal history background checks and requires each institution to adopt policy and procedures for implementation for admission decisions.

**BACKGROUND CHECK REPORT**

*Obtaining a Background Check Report.*

The College of Nursing will designate approved vendor to conduct the background checks and issue reports directly to the College. Results from a vendor other than that designated will not be accepted. Students must complete background check through the UND approved site to assure consistence of collected data. Students are responsible for payment of any fees charged.

If a clinical agency requires an additional background check, students are responsible for any cost involved.

**Scope.**

Background checks will include the following and cover the past seven years:

- Social Security Report (address locator)
- County Criminal Record History (unlimited jurisdictions)
- National Sex Offender Public Registry Search

**NATIONAL CRIMINAL DATABASE SEARCH**

Include but not limited to:

- Multiple AOC/DOC/DPS criminal data sources
- Federal Bureau of Investigation Terrorist List
- Federal/State/Local Wanted Fugitive Lists
- Sexual/Violent Offender Registries

**FACIS® LEVEL I INCLUDES, BUT NOT LIMITED TO**

- (OIG) Office of Inspector General List of Excluded Individuals
- (GSA) General Services Admin. Excluded Parties Listing
- (OAC) Office of Foreign Assets Control SDN Search
- (ORA/FDA) Office of Regulatory Affairs/Food & Drug Administration Debarment List
- (ORI) Office of Research Integrity Administration Action List
Rights:
Graduate students and applicants have the right to review the information reported by the designated vendor for accuracy and completeness and to request that the designated vendor verify that the background information provided is correct. Prior to making a final determination that will adversely affect the applicant or student; the College of Nursing will inform them of their rights and how to contact the designated company to challenge the accuracy of the report.

GRADUATE PROGRAM APPLICANTS

Applicants must complete the required background check screening as indicated in their admissions letter following the offer of admission but prior to registration.

If the report contains findings of concern, the Nursing Graduate Department Chair, Director of Student Services, and Chair of the Graduate Council (hereafter referred to as the Graduate Criminal Background Reviewing Committee or GCBRC) may request that the applicant submit additional information relating to the finding, such as a written explanation, court documents and police reports. The student will have 10 working days in which to provide this information. The above stated individuals will review all information available and determine whether the offer of admission should be withdrawn. Decisions related to criminal background review are final. Should an applicant choose to appeal the GCBRC’s ruling, an appeal may be made to the Dean. Time required to initiate and complete an appeal may result in loss of admission for that particular semester. If that is the case, the student may reapply for a subsequent semester pending a favorable outcome from the appeal.

For current student, if the reviewing committee determines that dismissal from the program is warranted, a recommendation will be made to the Dean and the Student will be informed by the Dean. The dean’s decision is final.

COMMITTEE REVIEW STANDARDS.

In reviewing the background check reports and any information submitted, a committee may consider the following factors in making its determinations: the nature and seriousness of the offense or event, the circumstances surrounding the offense or event, the relationship between the duties to be performed as part of the educational program and the offense committed, the age of the person when the offense or event occurred, whether the offense or event was an isolated or repeated incident, the length of time that has passed since the offense or event, past employment and history of academic or disciplinary misconduct, evidence of successful rehabilitation, and the accuracy of the information provided by the applicant or student in the application materials, disclosure forms or other materials. The committee should bear in mind both the safety interests of the client and the workplace, as well as the educational interest of the student. In reviewing background checks and supplementary information, advice may be obtained from university counsel, university police, or other appropriate advisors.

CONFIDENTIALITY AND RECORDKEEPING

Background check reports and other submitted information are confidential and may only be reviewed by university officials and affiliated clinical facilities in accordance with the Family Educational Records and Privacy Act (FERPA).
Background check reports and other submitted information of students will be maintained in the Student Affairs Area in accordance with the university’s record retention policy for student records.

Applicants Denied Admission and Dismissed Students. Background check reports and other submitted information of applicants denied admission into the program will be maintained in accordance with the university’s record retention policy. Only a letter of dismissal will be kept in students’ academic files. Supporting documents and other information will be maintained in separate files.

OTHER PROVISIONS

The College of Nursing shall inform the students who have been found by the GCBRC to have findings of concern in their background check report and are nonetheless permitted to enroll. Clinical placement is a prerequisite for graduation from the nursing program. The CON makes no guarantee that the student who has a finding of concern in their background check report and is nonetheless permitted to enroll in the program will be able to be placed at a clinical facility. Further, graduation from the CON does not guarantee that the student can be registered, permitted or licensed under state law.

Falsification of information, including omission of relevant information, will result in denial of admission or dismissal from the educational program.

Criminal activity that occurs while a graduate student is in attendance at the university may result in disciplinary action, including dismissal, and will be addressed through the College’s and University’s academic or disciplinary policies.

The CON will use appropriate means to convey this information to potential applicants and students such as; inclusion in the catalog, student handbooks, admission pamphlets, advisement, and/or correspondence.

*See APPENDIX D: for Product Source Information

VERIFICATIONS/IMMUNIZATIONS POLICY - POLICY 247

All nursing students admitted to the nursing program are required to provide documentation of current immunizations/tests and health insurance to the CON-approved vendor prior to beginning the nursing program. Updates or re-certifications must be completed prior to starting classes each semester and may not expire during the semester.

CDC guidelines for health care workers are followed, along with contracts negotiated with various agencies for clinical placement of students. Documentation of valid immunizations/tests must be on a health care agency form and signed by a licensed health care professional. Requirements include but are not limited to the following:

UPON NOTIFICATION OF ADMISSION:

- **Tuberculin testing:** A negative two step TB test or two negative TB tests is required. The second step should be administered one to three weeks after the first test. Students who are positive reactors must have a report of one negative chest x-ray on file and a statement signed by self and a health care provider, assuring absence of symptoms.

- **Measles, Mumps & Rubella (MMR):** 2 doses of the vaccine or a positive blood titre is required.
Students known to be pregnant will not be required to receive the rubella vaccine.

- **Varicella (Chickenpox) Immunization:** No vaccination required with a documented history of the disease by a health care provider. If no history of disease, 2 doses of varicella vaccine or a positive blood titre is required.

- **Hepatitis B Immunization:** 3 doses (at least the first dose given prior to beginning nursing classes) or a positive anti-HBS titre is required. Students may sign a waiver of declination to be vaccinated or tested.

- **Health Insurance:** Students are required to provide their own health insurance coverage and are responsible for any medical expenses incurred while enrolled in the College of Nursing. Written proof of individual insurance or signing of the “Assumption of Responsibility for Health Treatment” form is required. Students are responsible for updating this information.

**UPDATED ANNUALLY (MAY NOT EXPIRE DURING THE SEMESTER):**

- **Tuberculin Testing:** Evidence is required for one TB skin test per every 12 months (assuming the two-step TB skin test was done initially), and evidence of required follow-up for a positive TB skin test**.

  **exceptions to the annual TB skin test would be a documented history of a previously positive TB skin test. In that case, the individual must be assessed annually by their health care provider to rule out signs or symptoms of active TB disease.**

- **Seasonal Influenza Vaccine:** Completed annually in the fall/winter. Exceptions are allowed for those with medical contraindications (egg allergy, history of Guillain-Barre within 6 weeks of influenza vaccination, and anaphylaxis after influenza vaccinations). A signed waiver from a health care provider must be provided in these cases.

- **Cardio-Pulmonary-Resuscitation Certification (CPR):** Students must maintain annual verification of CPR certification by the American Heart Association or American Red Cross in Basic Life Support for the healthcare provider. Certification training must include annual infant, child and adult CPR as well as both 1- and 2-person CPR. Written documentation must include the expiration date of current certification.

- **OSHA Training:** OSHA training must be completed annually.

**PRIOR TO THE FIRST SEMESTER OF NURSING PROGRAM:**

**HIPAA AND OSHA TRAINING:**

All graduate students are required to complete HIPAA and OSHA training. OSHA training must be completed annually. HIPAA training is only required one time prior to admission to the nursing program.

**THINK CULTURAL HEALTH:**

Culturally and Linguistically Appropriate Services Standards
LIABILITY INSURANCE

The University of North Dakota, College of Nursing provides liability insurance for all students—on or off campus—each semester they are enrolled in course work in the College of Nursing. Each student is covered up to $1,000,000 for any one incident, and up to $3,000,000 as a total of all claims within one calendar year period. Students are not covered by this liability insurance during personal volunteer work, working for pay (including the Co-op experience), or during self-employment. The employing agency carries liability insurance for students in the Co-op experience.

*See APPENDIX E for Statement of Absence of Symptoms (Tuberculosis)*

SAFETY AND SECURITY

The University of North Dakota Police Department consists of a Chief of Police, Assistant Chief of Police/Investigator, two Night Supervisors of Police, six full-time Police Officers, two part-time Police Officers, a full-time Administrative Assistant, two full-time Traffic Division Clerks, two full-time Security Officers, and numerous part-time student and non-student assistant security workers and office assistants. The department operates nine motor vehicles, including four marked police patrol units, three parking enforcement vehicles, one conventional van and one step van. The department also uses two police patrol bicycles, for general police patrol functions and several other bicycles for parking enforcement. The department currently protects a campus district of over 15,000 people.

ESCORT SERVICE

Avoid walking or jogging alone and never walk or jog after dark. If you must travel alone at night use the UND Safety Escort Service (777-3491) to escort you to your destination on campus or locations near campus. This service is provided 24 hours a day by UND security or police officers.

Avoid dark or vacant campus areas. Walk along well lit routes.

Be alert to your surroundings. If you suspect you are being followed, run in a different direction, go to the other side of the street and yell for help, or head quickly for a lighted area or a group of people.

Have your keys ready when returning to your residence hall or apartment and keep your personal or valuable items concealed and close to your body.

Be aware of the on-campus “Blue Light” security system. These telephone units are highly visible and located throughout campus and can be used to contact police in a crisis situation. Locations of these “Blue Lights” are available at the UND Police Department (777-3491).

Stand tall, walk purposefully and make eye contact with those around you. If you feel uncomfortable in a situation, leave.

If you see any suspicious activity or people on or near the University campus, it is your responsibility to call the UND Police Department (dial 911) immediately and report what you have seen. Do not assume that what you see is an innocent activity or that another individual has already called the police. Do not worry about being embarrassed; rather think about what could happen if you do not act. However, do not approach suspicious individuals; this could put you in immediate physical danger.

*These rates include the mandatory fees

*Additional course and/or program fees may be charged based on the student's enrollment.

A program fee for $500.00 per semester (pro-rated for part-time students) will be charged to all graduate students.

SCHOLARSHIPS

Students must be admitted into the UND College of Nursing to apply for scholarships. The application deadline is March 15 of each year. Application forms will be posted on the nursing website, with paper copies available at the Office of Student Services. Scholarships recipients are determined in the spring and awards are disbursed for the next academic year. Information and requirements to qualify for each scholarship are posted on the nursing website.

COMPUTER REQUIREMENTS

COMPUTER HARDWARE

A full service computer lab is available for student use in the Nursing building. In addition to that, however, students must have access to a computer that has the following minimum configuration. Please note that it is recommended that students purchase or run a computer with the highest options available. This list is the BARE MINIMUM.

- Processor: Intel Core 2 Duo or equivalent, 2GHz or more is recommended
- RAM: 2GB or more is recommended
- Disk: 80 GB or more recommended
• CD-RW/DVD Combo Drive or DVD-RW Drive
• 17” Monitor, CRT or Flat Panel for Desktop Systems, 13” LCD for laptops
• 32 MB Dedicated Video Card
• Sound Card & Speakers
• USB Headset w/microphone is needed for certain courses
• Ethernet Card – for Broadband Access
• High-Speed Internet Access (DSL or Cable) – Wireless only is NOT recommended
• Operating System: Windows 7, Windows XP, Vista or Mac OS 10.5 or higher
• For distance students who have courses who use Adobe Connect or Wimba it is required that you have a web camera.

DELL and APPLE offer student discounts to the College of Nursing students. You can find bundle pricing at http://www.dell.com/und and http://store.apple.com/us-hed. Also refer to WWW sources such as ZDnet or Cnet for the most current hardware reviews and buying tips.

COMPUTER SOFTWARE AND STUDENT EMAIL REQUIREMENTS

The following set of software packages is required:

• Microsoft Office 2007 or later.

• Anti-Virus Software: McAfee Anti-Virus software for Windows or Apple computers is available at no cost to all students and can be downloaded from the University website. Instructions can be found for downloading at: http://www.und.nodak.edu/dept/undhelp/downloads/softwaredownload.htm

• Email: All students are required to use a University email account (Umail) (please refer to the following policy for more information: http://itss.und.edu/StudentEmailPolicy_Memo.html) Information on how to activate your account and access your email account can be found at: http://www.und.edu/dept/itss/email.html

• Internet browser: Microsoft Internet Explorer 8.0, Mozilla Firefox 4.0 or Apple Safari 5 or newer.

  Note: While most Web browsers should work, students report the fewest problems with Internet Explorer or Firefox.

• Plugins: Other software may be required for particular courses such as Real Player, Adobe Acrobat Reader, Adobe Flash Player, Apple QuickTime, etc. Many of these free downloads are available at the companies' websites.

All software must be installed and operational one week before classes begin.

INTERNET CONNECTIVITY

• Students will need access to (high speed internet Cable or DSL) in order to connect to their UND courses.
• Students should sign up with an Internet Service Provider (ISP) immediately after being accepted to the program. **Note:** Dialup, Satellite, Wireless internet cannot be used in place of a DSL or Cable connection.

**COMPUTER LABS**

The student computer labs are located on the first floor of the CON, rooms 110 and 114. Students have use of computers and laser printers for word processing, statistical analysis, library searches, and specialized nursing instruction. Internet and e-mail access are also available. The computer lab hours are posted on the doors and on the College of Nursing Technology Department web pages. The labs are staffed by support personnel during most hours of operation. Help is also available from the UND Computer Center by telephone access via the computer help line. Admitted nursing students are allotted 650 sheets each per semester for printing of course related materials.

**CAREL DESKS**

Carels are available for PhD student use on the second floor of the NPCBR. Do not leave valuables unattended.

**STUDENT EMAIL SYSTEM**

Per UND policy, students are expected to have a current U-mail account. This can be obtained through UND’s Information Technology Systems and Services at [http://und.edu/tech-support/students/student-email.cfm](http://und.edu/tech-support/students/student-email.cfm)

Course instructors will not accept or respond to correspondence that does not come from the student’s U-mail account.

**DOCTORAL ADMISSION REQUIREMENTS**

**ADMISSION CRITERIA**

• Completion of a bachelor's or higher degree in nursing from a nationally accredited program or equivalent nursing preparation.

• A cumulative Grade Point Average (GPA) of at least 3.00 for all undergraduate work or a GPA of at least 3.00 for the junior and senior years of undergraduate work (Based on A=4.00).

• A cumulative GPA of 3.5 or above in graduate course work.

• Graduate Record Examination or Miller's Analogy Test scores (taken within the past 5 years)

• Completion of a statistics course.

• A one to two page paper stating the applicant's research interests and professional goals.

• Evidence of current, unencumbered licensure to practice as a registered nurse.

• Three professional letters of recommendation, preferably from PhD prepared (research-active) individuals.

• Resumé.
• A minimum TOEFL score of 550 on paper based test or 213 on computer based test for all applicants whose native language is not English.

• An interview will be required for applicants meeting the admission requirements.

• Submit to and satisfactorily complete a background check immediately following admission and prior to beginning any coursework.

APPLICATION DEADLINE

Applications from prospective students are due by **February 1st for fall admission** of each calendar year for preference in admission. Interviews will be conducted during the spring semester for admission in the subsequent academic year. Students may enroll in graduate course work prior to formal admission to the graduate program by applying to the Graduate School as a “non-degree seeking student”. A maximum of nine credits may be taken during the application process. These credits will not impact the admission decision.

TRANSFER OF NURSING CREDITS - POLICY 407

• The student submits the completed “Transfer of Nursing Credit Request” form to the Graduate Department Chair with any evidence, such as course syllabus, objectives, outlines, notes, tests, etc. that will assist the department in making a decision regarding the request.

• The Department Chair and/or faculty discuss as necessary, review, and make a decision regarding the request.

• The decision is communicated to the student by the Admission, Records and Advising Associate. The original document is placed in the student’s file.

*See APPENDIX F for Transfer of Nursing Credit Request*

PROGRESSION AND GRADUATION

STUDENT AND FACULTY RESPONSIBILITY

**It is the responsibility of the student AND FACULTY to become informed and to observe all regulations and procedures required by the University, the Graduate School Catalog and the program in which she or he is enrolled.**

The student is responsible for reading the Graduate Catalog, all contracts for employment, the terms and conditions of any awards and correspondence from the various offices of the University. Each student who intends to present a thesis or dissertation in completion of a degree must follow the Graduate School guide to writing a thesis or dissertation. The student is responsible for knowing his or her academic standing and grade-point average. While the Graduate School attempts to notify students regarding any problems in the student’s progress toward a degree, the student alone is responsible for maintaining satisfactory academic standing and progress. **The Graduate School expects all students and faculty to be aware of its policies and procedures. Ignorance of a rule does not constitute a basis for waiving that rule**” (2011-2013 Academic Catalog, p. 220).
The Doctoral Program Checklist provides a summary of the progression path to graduation. The student and advisor share responsibility for movement toward the completion of the various milestones that must be met prior to graduation.

*See APPENDIX G: for Doctoral Program Checklist

All students seeking a Doctor of Philosophy degree must take a written comprehensive examination after a substantial portion of the coursework has been completed. An oral examination is also to be given after satisfactory completion of the written comprehensive examination. The examination is extensive and must cover in depth the field of nursing. This examination must be completed before advancement to candidacy but cannot be undertaken until the scholarly tool requirements have been completed. Comprehensive examinations which are failed may be repeated once after remediation with the prior approval of the Faculty Advisory Committee, the department, and the Dean, but in no event earlier than at the next regularly scheduled offering.

*See APPENDIX H: for Doctoral Comprehensive Examination Schedule

*See APPENDIX I: for Doctoral Comprehensive Examination Policy

*See APPENDIX J: for Doctoral Comprehensive Examination Procedure

Upon completion of the courses listed in your program of study, you are eligible to graduate from the University of North Dakota. The following steps are required to complete the graduation process:

- Apply for graduation online at https://apps.und.edu/graduationonline/
- The deadline for applications is September 18 for the 2012 winter commencement
- Any “Incomplete,” “In Progress” or “Missing Grades” must be resolved prior to the recording of your degree. Please refer to Page 36 and/or Page 228 of the 2011-2013 Academic Catalog for the specific policy.
- All correspondence courses must be completed and grades recorded to your academic record before your degree can be awarded.
- If you have participated in study abroad, your work needs to be recorded on your academic record prior to the recording of your degree. Please contact the International Centre at 777-4231 with any questions.
- Once your degree has been cleared by your college and recorded to your transcript, your academic record for that degree is frozen and changes cannot be made.
- Complete exit loan counseling before you graduate if you have ever received a federal student loan at UND. Federal student loans include: Direct, Stafford, GradPLUS, Perkins and Nursing Loans. This requirement must be completed online at UND.edu/financial-aid, click on Forms Quick Links in the left navigation.
- Contact Career Services for assistance with your job search and career development.
- Purchase your cap, gown, and tassel from the UND Bookstore if you plan to participate in the commencement ceremony. Master’s and doctoral candidates will also need to purchase a hood (see information for doctoral students below).
- Order graduation announcements and your class ring from the UND Bookstore (optional).
To ensure that you receive your diploma, please update your home address and phone number on Campus Connection within 10 days following graduation.

To request disability accommodations for the commencement ceremony, contact the Office of Ceremonies and Special Events at (701) 777-2724.

Keep in touch with other University alumni through the UND Alumni Association at 1-800-543-8764 or www.undalumni.org.

NOTE: The University of North Dakota reserves the right to deny the release of a student's diploma if that student has an outstanding accounts receivable balance in excess of $100. Questions can be directed to Student Account Services at (701) 777-3911.

GRADING SCALE – GRADUATE NURSING COURSES – POLICY 403

The objective of this policy is to ensure that a uniform grading scale for the final student evaluation in courses is used throughout the nursing courses. Consistency in awarding grades establishes common standards of achievement, enabling students to have a relative expectation for grading in each course, and offers students and stakeholders a relative measure of the level of a student's mastery in a unit or course.

POLICY

The grading scale for ALL nursing courses, including nursing electives, is as follows:

- 92-100 A
- 83-91 B
- 74-82 C
- 66-73 D
- 65 F
- I Incomplete

INCOMPLETE GRADE POLICY

REGISTRAR’S ACADEMIC POLICY AND PROCEDURES MANUAL

http://und.edu/academics/registrar/academic-policy-procedures-manual.cfm#incomplete-policy

“It is expected that students will complete all requirements for a course during the time frame of the course. For reasons beyond a student's control, and upon request by the student or on behalf of the student, an incomplete grade may be assigned by the instructor when there is reasonable certainty the student will successfully complete the course without retaking it. The mark “I,” Incomplete, shall be assigned only to the student who has been in attendance and has done satisfactory work up to a time within four weeks of the close of the semester, including the examination period, and whose work is incomplete for reasons satisfactory to his or her instructor. Incompletes are entered on the final grade sheet. Incomplete grades convert to grades of “F” if a grade change is not submitted by the instructor within two calendar months after the month in which the course ends after the
next semester of the regular academic year (fall or spring semester) or by an earlier date specified on the
incomplete form by the instructor. An incomplete may be extended for up to twelve calendar months by
submitting a petition to the Office of the Registrar with the approval of the instructor of the course and the dean
of the college offering the course for undergraduates and the Dean of the Graduate School for graduate students.
An incomplete grade must be changed by twelve calendar months from the ending date of the class. An “I” may
be converted as indicated above but cannot be expunged from the record. Students may not register in courses
in which they currently hold grades of incomplete, except for courses that allow repeated enrollment. A student
will not be allowed to graduate with an unconverted incomplete grade on the academic record.”

CURRICULAR POLICIES

RETENTION OF STUDENT EXAMINATION AND GRADED COURSE MATERIALS
Tests and student papers are to be kept in the instructor’s possession for the current fiscal year plus an
additional year. After that period of time, tests and papers will be shredded.

PETITION REGARDING COURSE OR PROGRAM REQUIREMENTS
The first step in resolving any difference in adherence to standard policy is to talk with the respective faculty
member. Most concerns can be resolved that way. Sometimes there are unique requests affecting a student’s
performance or progression, which require a more formal approach. In those instances the College follows the

*See APPENDIX K: for Graduate School Petition Form

GRADUATE SCHOOL GRIEVANCE AND ACADEMIC APPEALS PROCESS

http://graderschool.und.edu/policies-and-procedures/grievance-policy.cfm

An "academic grievance" is a statement expressing a complaint, resentment, or accusation lodged by a student
about an academic circumstance (such as grading, testing, and quality of instruction) which is thought by the
student to be unfair.

Academic issues subject to grievance procedures differ from those subject to the academic petition process. If a
student thinks that a petition has not been handled fairly, the student may initiate a grievance based upon unfair
treatment, but not upon the substantive issue of the petition.

The grievance process available to graduate students depends on the issue as follows:

GRADES

An academic grievance involving the work in a course by a graduate student shall be resolved by the process
prescribed by the college or school in which the course is offered. The process must commence with a
discussion between the student and the instructor.

ISSUES INVOLVING GRADUATE SCHOOL POLICIES AND PROCEDURES
Resolution of all other grievances by graduate students shall commence by discussion between the student and the party against whom the grievance is lodged. In the absence of resolution by such discussion, the grievance may be advanced by either party beginning at the next level and continuing as necessary through the persons/units/committees in the following sequence: a) advisor or advisory committee; b) the person assigned administrative responsibility for the graduate program in which the student is a major, i.e., Graduate Program Director or in the absence of such a person, the Department Chairperson; c) the Dean of the Graduate School. Decisions of the Dean of the Graduate School may be appealed. The UND Graduate Committee serves as the appellate body for grievances related to academic decisions made by the Dean of the Graduate School. The following Guidelines are provided for individuals wishing to file a grievance involving Graduate School Policies and Procedures. Please note that the most current version of this policy is on the Graduate School web site and that the most recent version of these Guidelines supersedes earlier versions.

*See APPENDIX L for STUDENT GRIEVANCE GUIDELINES

**FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)**

The University of North Dakota requires all its employees to comply with all Family Educational Rights and Privacy Act, as amended. It is good for our students; it's good for us; and it's the law. Whether you are faculty, staff, or students, maintaining the confidentiality of our students' records is everyone's responsibility.

The Office of the Registrar hopes the following will help you better understand FERPA and feel comfortable dealing with student privacy issues. Please contact our office if you have any questions.

**WHAT IS FERPA?**

"A federal law designed to protect the privacy of education records, to establish the right of students to inspect and review their education records and to provide guidelines for the correction of inaccurate and misleading data through informal and formal hearings.

**BRIEF OVERVIEW OF FERPA**

- Student education records are considered confidential and may not be released without the written consent of a student.
- As a staff or faculty member with access to these records, you have the responsibility to protect them while in your possession.
- Some information is considered public (directory information) and may be released without the student's written permission. However, the student has the right to restrict this information as well. Do not release directory information without checking to be sure it is not restricted. If you do not know how be sure to call the Office of the Registrar for more information.
- Access to these records in for legitimate educational interest only, for the purposes of completing your responsibilities as an employee of the institution acting in the student's educational interest.
- If you are in doubt about releasing student information, DO NOT release the information until you have contacted the Registrar's Office at 777-2711
THE BASICS OF FERPA

- College students must be permitted to inspect their own education records.
- School officials may not disclose personally identifiable information about students nor permit inspection of their records without written permission unless such action is covered by certain exceptions permitted by the act.

WHAT ARE THE STUDENTS RIGHTS?

- The right to respect and review their education report
- The right to seek amendment to those records and in certain cases, append a statement to the record
- The right to limit disclosure of personally identifiable information contained in their record
- The right to file a complaint with the U.S. Department of Education

WHAT IS PERSONALLY IDENTIFIABLE INFORMATION?

- The name of the student, the student's parent, or other family members
- The student's address
- A personal identifier (such as a social security number or id)
- A list of personal characteristics or any other information which would make the student identifiable

WHAT ARE EDUCATIONAL RIGHTS?

ANY record, file, document or other material (handwritten, tape, disks, film, etc.) which contains information directly related to a student's academic progress, student financial information, student worker information, medical condition or personal interest item. IT IS MORE THAN JUST THE ACADEMIC RECORD, and is NOT confined to the student's file in the Registrar's or college office and may include, but not limited to:

- A document with the student's name and ID
- Personal information
- Grades
- Schedules
- Tests and other graded projects
- A computer printout
- A class list
- A computer display screen
- Notes taken during an advisement session

WHAT ARE NOT EDUCATIONAL RIGHTS?

- **Sole Possession Records:** Records (desk drawer notes) of instructional, supervisory and administrative personnel kept in the sole possession of the maker of the record and not revealed to anyone other than the maker's temporary substitute.
- **Law Enforcement Unit Records:** Records of our campus law enforcement unit created and maintained separately and used solely for law enforcement purposes.
- **Employment Records:** Records relating to persons who are employees. NOTE: Records of individuals who are employed as a result of their status as students (work-study) are education records.
- **Doctor-Patient Privilege Records:** Records kept and maintained by a health care professional, used solely in connection with treatment and disclosed only to individuals providing treatment.
- **Alumni Records:** Records created by an institution after a student has left the institution.

### WHAT IS WRITTEN CONSENT?

UND shall obtain written consent from students before disclosing any personally identifiable information from their education records. The written consent must:

- Specify the records to be released
- State the purpose of the disclosure
- Identify the party or parties to whom disclosure may be made
- Be signed and dated by the student and retained

### DIRECTORY INFORMATION

- Information not normally considered a violation of a person's privacy
- Students must be notified of the items of directory information
- Students must be given the opportunity to request that directory information not be released. The right of non-disclosure applies to directory information only.
- If in doubt, don't release any information and contact UND's Registrar's Office for guidance.

### WHAT IS DIRECTORY INFORMATION AT UND?

- Name (all names on record)
- Address (all addresses on record)
- E-mail address (all electronic addresses on record)
- Phone number (all phone numbers on record)
- Height, weight, and photos of athletic team members
- Date & place of birth
- Major field of study (all declared majors)
- Minor field of study (all declared minors)
- Class level
- Dates of attendance
- Enrollment status (full time or part-time)
- Names of previous institutions attended
- Participation in officially recognized activities and sports
- Honors/awards received
• Degree earned (all degree earned)
• Date degree earned (dates of all degrees earned)
• Photographic, video, or electronic images of students taken and maintained by the institution

WHAT IS LEGITIMATE EDUCATIONAL INTEREST?

• A "legitimate educational interest" is when a faculty, staff or other school office is:
  o Performing a task that is specified in their position description or contract
  o Performing a task related to a student's education or to a student discipline
  o Providing a service or benefit related to the student
• It DOES NOT include
  o Accessing information for any other purpose
  o Viewing previous records/grades to see how a student performed
  o Viewing a relatives (son/daughter/spouse etc....) academic record to find out how they did in class
• Examples of "legitimate educational interest" include:
  o Faculty/staff on committees (retention committee, scholarship committee, etc...)
  o An academic advisor who needs to review a student's educational record to determine what courses have been and/or need to be completed
• ALL RECORDS OF ALL STUDENTS are not open to all faculty or staff at the institution.

WHO ARE SCHOOL OFFICIALS?

A school official can be a person:

• Employed by the college in an administrative, supervisory, academic, research, or support staff position (including law enforcement and health staff personnel)
• Elected to the Board of Trustees
• Or company employed by or under contract to the college to perform a special task such as the attorney, auditor, or collection agency
• Or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks

WHAT ARE PARENTAL RIGHTS UNDER FERPA?

When a student reaches the age of 18 or begins attending post-secondary institution regardless of age, FERPA rights transfer to the student

Parents may obtain non-directory information when their student has provided a signed consent to the institution.

• Parents may obtain non-directory information (grades, GPA, etc.) only at the discretion of the institution and after it has been determined that their student is legally their dependent
• Parents may obtain directory information only at the discretion of the institution.
FORMS

FERPA release forms may be found at:  http://und.edu/academics/registrar/_files/docs/forms/ferpa-privacy-release.pdf

Revocation of FERPA release forms may be found at:

PHOTOCOPY REQUESTS

Students needing a copy of any academic information (this does not include verifications) from their files must submit a written request to the Admissions Records & Advising Associate, Room 308. The cost is 50¢ for the first page, 10¢ each additional page. Allow 3-5 days for pick-up

COURSE AND CLASSROOM REQUIREMENTS

COURSE SYLLABUS

At the first class session, a course syllabus is reviewed. For online courses, the instructor will meet with the students to review the course syllabus. The syllabus stipulates course policies, grading standards, and academic expectations of the course. Students are expected to be self-directed in completing the required readings and coming to class prepared to participate in the class learning experience. All course syllabi are posted via Blackboard (on the university website). The syllabus is a formal contract between the course instructor and the students.

TEXTBOOKS

Required and recommended textbooks for each course are listed in the syllabus. Books are available through the UND bookstore.

COURSE SCHEDULES

It is the student’s responsibility to plan ahead for release time from other commitments in order to attend classes.

ATTENDANCE POLICY STATEMENT CON POLICY - POLICY 242

Students are expected to attend all seminar courses for which they are registered and are responsible for meeting course objectives.

CLASSROOM ETIQUETTE

Arrive to class on time

Perform a pre-flight check of each computer to be used in the online class.

Use camera and headset for full participation.

Participate in class discussions: Students are expected to respect the opinions of all class participants and to dialog in a professional and respectful manner.
Use professional language in class and in email communication: Students are required to refrain from using offensive or foul language in class.

Stay the entire class: Students are expected to remain engaged in classroom activities until the class has concluded.

MAKE-UP EXAMS
A time and place for make-up exams will be scheduled between the professor and the student in accordance with the course syllabus. Students are required to do the makeup examination at this scheduled time and place with no exceptions. Students who violate the academic honesty policy will be dismissed from the College of Nursing.

REFERENCE MANUAL FOR WRITING PAPERS
The American Psychological Association (APA) Format is to be used for the College of Nursing scholarly course requirements. The most current edition of the APA text must be used.

ACADEMIC DISHONESTY POLICIES
Academic dishonesty includes, but is not limited to cheating on a test, plagiarism, and collusion. Cases of dishonesty may be treated as an academic matter or as a disciplinary matter at the discretion of the instructor.

The instructor may reflect the incident of dishonesty through the assignment of the student’s grade in the course. If the student has a grievance related to this action, the grievance would be directed to the college or school in which the course is housed. The grievance is processed according to the rules of the college or school and as outlined in IIIa-2 of the Code of Student Life found at: http://und.edu/student-affairs/code-of-student-life/_files/docs/code-of-student-life.pdf

Alternatively, the instructor may refer the case as a disciplinary matter to the Dean of Students. The Dean of Students may further refer the case to the Student Relations Committee for action under Section 2 and Appendix VII of the Code.

ACADEMIC INTEGRITY:
Cheating, plagiarism, and any other acts of dishonesty will be dealt with in accordance with UND policy as described in the Code of Student Life. Scholastic dishonesty may result in failure of the course.

- Scholastic dishonest issues are outlined in the UND Code of Student Life (Sec.3-3) and include, but are not limited to: cheating on a test, plagiarism, and collusion. For this course the policy is clearly NO TOLERANCE; we uphold behaviors reflective of individual responsibility, mutual trust, professional values, and standards. If ever a question, an observing student peer must clarify with the faculty the appropriateness of observed behaviors that may violate this statement. Any infractions will result in failure of the assignment, a maximum grade achievement of “C”, and/or failure of the course.

Specific examples in the Code include the following:

- Copying from another students’ test.
• Possessing or using material during a test not authorized by the person giving the test.

• Collaborating with or seeking aid from another student during a test without permission from the instructor.

• Knowingly using, buying, selling, stealing, transporting, or soliciting in whole or in part the contents of an un-administered test.

• Substituting for another student or permitting another student to substitute for oneself to take a test.

• Bribing another person to obtain an un-administered test or information about an un-administered test.

• Plagiarism means the appropriation, buying, receiving as a gift, or obtaining by any means another person’s work and the unacknowledged submission or incorporation of it in one’s own work.

• Collusion means the unauthorized collaboration with another person in preparing any academic work offered for credit.

HARASSMENT POLICY

• Harassment is the unacceptable behavior, which can range from violence and bullying to more subtle behavior. It subjects an individual or a group to unwelcome attention, intimidation, humiliation, ridicule, offense or loss of privacy. It is unwanted by the recipient and continues after an objection is made. Harassment may take the form of oral, written, graphic, or physical conduct that is related to an individual's or group's protected class. This includes gender, race, national origin, color, disability, or other protected classes. Harassment based on sex, marital status, pregnancy, age, race, ethnicity, disability, or sexuality is a form of Unlawful Discrimination (http://www.und.edu/dept/aaq/newharrassment.htm).

ACCOMMODATION:

Any student who needs an accommodation in order to complete course requirements should be registered with Disability Services office at UND. If you have emergency medical information to share with me, or if you need special arrangements in case the building must be evacuated, or if you need accommodations in this course because of a disability, please make an appointment with me within the first week of class. Disability Support Services (701)777-3425 (voice/TTY)

HIPPA – HEALTH INSURANCE PORTABILITY & ACCOUNTABILITY ACT - STUDENT GUIDELINES

Upon admission students are granted access to a system where they may access information and a quiz on HIPPA laws and regulations (see below). Students will receive specific instructions prior to their first semester courses on how to access this site.

A Federal law, known as "HIPAA" (the Health Insurance Portability and Accountability Act of 1996) requires health care providers to implement a comprehensive approach to protect the privacy of personal health information (PHI). There are nine parts to HIPAA, but our immediate compliance will focus on three areas:
PRIVACY RULE:
The Privacy Rule regulates the use and distribution of identifiable health information and gives individuals the right to determine and restrict access to their health information. Compliance with HIPAA's privacy regulations will be required. Substantial penalties, both civil and criminal, may be imposed for non-compliance.

SECURITY RULE:
The HIPAA Security Rule mandates that reasonable and appropriate technical, physical, and administrative safeguards be implemented with electronic identifiable health information. We must ensure the confidentiality, integrity, and availability of all electronic protected health information we create, receive, maintain or transmit.

TRANSACTIONS AND CODES:
HIPAA requires DHHS to adopt standards to facilitate Electronic Data Interchange (EDI). HIPAA transaction standards apply to any health care provider that transmits any health information in electronic form. A summary of the act and additional detail can be found at http://www.cms.hhs.gov/TransactionCodeSetsStands/.

HOW DOES HIPAA IMPACT UND and the CON?
HIPAA has impact on UND and the CON in several ways. Patient/client records, human subject research records, and marketing demographics contain personal health information as identified in the HIPAA privacy regulation.

The person responsible for our HIPAA compliance is the Dean of the College of Nursing, and all compliance aspects are coordinated by the HIPAA College Compliance Officer. For additional information or assistance, contact HIPAA Compliance Office at 701-777-4174.

Additional information about HIPAA can be found at:
http://www.cdc.gov/mmwr/preview/mmwrhtml/m2e411a1.htm
http://www.hhs.gov/ocr/privacy/

CHEMICAL IMPAIRMENT POLICY - POLICY 238
The University Of North Dakota College Of Nursing recognizes that chemical impairment is an illness and should be treated as such. This policy regarding chemical impairment is based on the American Association of Colleges of Nursing task force assumptions and principles. The general assumptions and principles used in developing this policy as follows:

- Chemical impairment compromises both the educational process and safe patient care.
- Chemically impaired persons need help to recognize the consequences of their substance use.
- Addiction is a treatable illness and rehabilitative and therapeutic approaches are effective in facilitating recovery.
- Individuals with chemical impairment should receive an opportunity for treatment in lieu of, or before disciplinary action.
IDENTIFICATION:
Identification of impairment, possibly due to substance abuse, should be based on a pattern of quantifiable behaviors such as: poor grades, significant decline in GPA, slurred speech, motor incapacities, absenteeism or any pattern of impairment in an individual’s ability to meet standards of performance, competency and safety in the classroom or clinical area.

REPORTING:
When a faculty member or preceptor becomes aware of suspected chemical impairment she/he will:

- Remove student from the clinical site or classroom. (Refer to Clinical Removal Policy if indicated.
- Confront the student immediately with observation of behavior.
- Document the discussion, place in student medical file, and report it to the appropriate line of authority
- If chemical impairment is suspected, intervention is indicated.

INTERVENTION:
To insure privacy of the suspected impaired student, any intervention will be conducted in a strictly confidential manner.

- The student will be referred to the University of North Dakota Counseling Center for an evaluation by a licensed addiction counselor at no cost to the student
- If chemical abuse is identified, the student will be referred to the University of North Dakota Counseling Center for their chemical abuse education program.
- Documentation of intervention will be placed in student’s medical file.

OUTCOME(S):
- Students unable to make appropriate professional judgments meet clinical/course objectives or who demonstrate unsafe behaviors will be dismissed from the College of Nursing.
- Continued progression within the curriculum is dependent upon the student meeting course objectives and academic standards as is expected of all students.

SOCIAL NETWORKS:
Professional conduct extends to all forms of social networks, including Facebook, MySpace, You- Tube, texting, emailing, photographing, videotaping and any other means of communication. Students must follow HIPAA guidelines when dealing with information about clients and patients. Students must also follow privacy laws when exposed to information about other students, faculty, staff, and others whom students meet during their time at the College of Nursing. Students and others may not save or broadcast information in any form without written release by the individuals involved and the agencies identified. Permission prior to recording or taping must be obtained. Failure to follow these rules may result in administrative action, including dismissal from the
College of Nursing. Disrespectful behavior by students towards other students, faculty, staff, patients, clients, agencies, etc. will not be tolerated.

**EXPOSURE CONTROL PLANS/HAZARDOUS COMMUNICATIONS AKA RIGHT TO KNOW (CON)**

The University of North Dakota, College of Nursing (CON) is committed to providing as safe a working environment as possible and believes that students have a right to know about health hazards associated with their work. In order for students to make knowledgeable decisions about any personal risk encountered, the Exposure Control/Safety Plans include policies and procedures which are designed to develop awareness of potentially hazardous blood borne pathogens, tuberculosis and general safety issues in the work place, and to provide a knowledge base for appropriate and safe work practices.

All students will have access to pertinent safety information through clinical experiences, course work, and in written form in the Exposure Control Plans. When safety concerns arise, students are encouraged to contact their course instructor.

The Exposure Control Plans are available in the offices of the Business Officer and Department Chairs as well as in the Clinical Resource and Simulation Center. It is important that students become familiar with the post-occupational exposure procedures in affiliating agencies as well as the CON in the event they experience an exposure to diseases or safety hazards which could be detrimental to their health during their nursing class or clinical experiences.

**OSHA GUIDELINES**

Occupational Safety and Health Administration (OSHA) training is handled in the appropriate classroom/course with a presentation and short test. Faculty will provide a compliance/completion report to Beth Toay, Nursing Building Room #302. It is the intent of the College of Nursing (CON), University of North Dakota (UND) faculty, staff and students, to conform to the Exposure Control Plans for UND and those of affiliated agencies and clinical sites, as well as to the requirements of local, state and federal laws and the Centers for Disease Control and Prevention (CDC) guidelines relating to minimizing the possibility of exposure to bloodborne pathogens. Specifically, the standards of the Occupational Safety and Health Administration (OSHA) will be adhered to by faculty, staff and students of the CON.

**STUDENT POLICY FOR BLOODBORNE PATHOGEN - POLICY 254**

It is the intent of the University of North Dakota (UND), College of Nursing (CON), faculty, staff and students, to conform to the Exposure Control Plans for UND and those of affiliated agencies and clinical sites, as well as the requirements of local, state and federal laws and the Centers for Disease Control and Prevention (CDC) guidelines relating to minimizing the possibility of exposure to Bloodborne pathogens (BBP). Specifically, the standards of the Occupational Safety and Health Administration (OSHA) will be adhered to by faculty, staff and students of the CON.
Students may not refuse to care for those infected with Bloodborne pathogens without sound medical reason to do so. Students, who are infected by one or more of the BBPs, will be reasonably accommodated by the CON to allow continuation of their education. Determinations relating to provisions in this paragraph will be made on an individual basis, in accordance with current medical practice and/or U.S. Public Health Service (CDC) guidelines. It is the responsibility of the student to notify his/her clinical instructor of any special circumstances he/she may have which would affect clinical assignments.

In the event of an exposure, it is the student’s responsibility to inform his/her instructor, preceptor and/or agency contact person as soon as it is safe to do so. Students are required to comply with reporting requirements (procedure 128a).

**Bloodborne Pathogen Post Exposure Protocol**

In the event that you are exposed to bloodborne pathogen **IMMEDIATE ACTION IS REQUIRED**. Exposure incidents include:

- Percutaneous injury: needlestick, cut, or laceration
- Mucous membrane: blood or body fluid splash
- Nonintact skin: dermatitis, hangnail, abrasion, chafing, etc.
- Parenteral: includes human bite that breaks skin
- Intact skin: when the duration of the contact is prolonged (several minutes or more) or involves an extensive area

**You must follow the steps below:**

Clean the site where exposure occurred. Wash needlesticks and cuts for 10 minutes with soap and water or a known disinfectant against HIV. For splashes to the nose, mouth, or intact skin, flush the area for 10-15 minutes with tap water, sterile water, or sterile saline. Irrigate eyes with tap water, saline, or sterile irrigants for 10 minutes.

After cleaning, notify your clinical instructor or preceptor. Do not waste excessive time attempting to contact one of these people. Notify a staff person if unable to locate your clinical instructor or preceptor. Also notify the unit supervisor and the agency infection control or occupational health nurse.

Assure the source patient’s name and medical record number is recorded.

Report to the Emergency Department at Altru Hospital (if in Grand Forks) or the nearest acute care emergency department immediately for medical evaluation and post exposure management. You will be evaluated for exposure to HIV, Hepatitis B, and Hepatitis C. Post-exposure prophylaxis may be recommended. **Time is of the essence.** You have a window of time to begin this medication. This time factor is why it is urgent that you report for care promptly after an exposure.

The source patient may need to be tested for HIV, Hepatitis B, and Hepatitis C. Post-exposure prophylaxis can be taken for the time period it takes to determine the source person’s HIV status. Permission must be obtained.
If you have not yet notified your instructor, continue to attempt to do that or notify an administrator in the College (department chair, Associate Dean, or Dean). You will need to complete any agency, CON, and UND documentation.

The cost of your care will be borne by you or your insurance.

Students are to read this protocol and sign on a class roster stating they have read and understand the protocol. Signed class lists are sent to the Risk Management Officer in the Dean’s Office.

University of North Dakota
College of Nursing

QUICK FORM

Follow-Up Actions for Bloodborne Exposures

1. Individual’s Actions – If an exposure occurs:
   “Immediately”
   - Needlesticks & cuts should be washed with soap and water
   - Splashes to the nose, mouth or skin should be flushed with water
   - Splashes to the eyes should be irrigated with either clean water, saline or sterile irrigants

   “After the above steps are completed”
   - Report the exposure to your clinical instructor, the unit supervisor, and the agency occupational health or infection control nurse. “DO NOT DELAY”.
   - Questions: Contact your department chair at the College of Nursing

2. Faculty/Supervisor’s Immediate Responsibility:
   “Without Delay”
   - Get the exposed individual to the nearest Emergency Room or Healthcare Provider for Evaluation

   “Next”
   - Complete required report forms (clinical agency, CON and UND)

3. Healthcare Provider:
• Determine the nature and severity of the exposure
• Evaluate source patient (If information is available)
• Counsel/treat exposed person as applicable
• Evaluate for HBV and HCV as applicable

National Clinicians’ Post-Exposure Prophylaxis (PEP) Hotline: Available for emergency calls 24/7
1-888-448-4911
http://pepline.ucsf.edu/pepline

STUDENT RESOURCES

POLICY ON BREAST FEEDING ON CAMPUS
Breast feeding is the recommended method of infant feeding because it is associated with scientifically documented health benefits for both mothers and infants. The University, therefore, supports the breast feeding efforts of its students, faculty, and staff. Students, faculty, and staff are welcome to breast feed their infants on the University campus. Safety concerns and avoiding disruptions to regular classroom activities should always be considered. Mothers of crying infants should provide the usual courtesy by caring for the infant outside the classroom. Environments posing a potential hazard to infants, such as (but not limited to) science laboratories, should be avoided.

LACTATION LOUNGE
A lactation lounge in room 390 of the Northern Plains Center for Behavioral Research.

ND LICENSING POLICY FOR STUDENTS LICENSED THROUGH A STATE BOARD OF NURSING – POLICY 211

• Registered Nurses (RNs) and Licensed Practical Nurses (LPNs) applying to the College of Nursing must have a current U. S. license in good standing.

• All RN and LPN students must provide proof of current U.S. licensure to the College of Nursing upon admission and annually by every January 15th.
  o LPN & RN-to-BSN students must provide verification of continued unencumbered licensure to the Admissions, Records and Advising Associate by January 15th of each year.
  o RN-to MS students must provide verification of continued unencumbered licensure each year by January 15th to the Graduate Student Services Specialist.

• It is the student’s responsibility to inform the College of Nursing of any change in the status of her/his license by submitting a copy of the Board Order to the appropriate Associate Dean. Those students who do not will be subject to disciplinary action.
• Should an individual’s RN or LPN license become encumbered, suspended, or revoked while enrolled in the College of Nursing, that student may be barred from research contingent upon the nature of the encumbrance and College of Nursing resources to supervise these students.

• The Department Chairperson will determine, in consultation with the appropriate faculty, whether or not the student may enroll, or continue enrollment in research.

**ESSENTIAL DOCUMENTS**

Included in the Handbook are the College Mission Statement, Nursing Philosophy, and Baccalaureate Nursing Program Objectives; as well as some policies and information that will be useful to you during your educational experiences.

Additionally, the following documents are important for you to be familiar with and will assist you in your college career in nursing:

**The Code of Student Life.** Outlines the rights and responsibilities of citizens of the University community and expected levels of conduct. This is posted on the UND website.

**Undergraduate Catalog.** This is available at Enrollment Services in Twamley Hall, and on the UND web pages.

**Schedule of Classes.** This is available each semester on the UND website and from CampusConnection.

**American Nurses Association Code of Ethics.** This is available at the University Bookstore and Library of the Health Sciences.
Policy:
The selection of Major Advisor and members of the Major Advisory Committee should be a student decision, informed by the unique knowledge, skills and expertise required to achieve desired outcomes for each individual project.

In the event that the student determines the need for a change in Major Advisor or member(s) of the Major Advisory Committee, it is the student's responsibility to communicate the basis for the change to all parties involved. The rationale for communication of Advisory Committee change is that each member agrees to serve on a committee with a clear understanding of the unique contributions they are expected to provide. Change in committee membership requires reclarification of the contributions of all committee members that result from the change in committee configuration.

Procedure:
The procedure for selection of a Major Advisor or Major Advisory Committee Membership is as follows:

1. The student must complete and submit the Advisor or Committee Appointment Request, which is found on the University Graduate School website. Once completed, the form is submitted to the Associate Dean of Graduate Studies (master’s students) or PhD Program Director (PhD Students), as appropriate.

2. The Associate Dean of Graduate Studies (master’s students) or PhD Program Director (PhD Students) approves the appointment(s) and forwards the appointment to the Dean of the Graduate School.

3. The Dean of the Graduate School officially notifies the Associate Dean of Graduate Studies, the Committee/Advisor, and the student, of the appointments.

4. A copy of the appointment is placed in the student's file.

The procedure for change in Major Advisor or Major Advisory Committee Membership is as follows:

1. Obtain the required forms.
   a. All students: Advisor or Committee Appointment Request (Change) Form, which is found on the University Graduate School website.
   b. PhD students: Change in Doctoral Committee Form
   c. Masters students: Change in Thesis Committee/Independent Study Advisor

2. Discuss the change in committee membership with both outgoing and incoming committee members, including the rationale for the requested change.

3. Complete the required forms as directed, seeking signatures from the committee member to be replaced (if possible) as well as all committee members of the revised committee.

4. Return the completed forms to the Graduate Student Specialist for the Associate Dean of Graduate Studies.

5. The Associate Dean of Graduate Studies will notify the UND Graduate School, which will officially approve the request.

6. The final oral defense of the thesis or dissertation or final submission of the independent study will not be held until at least 28 school days after the effective date of these changes.
APPENDIX B - DOCTORAL CURRICULUM

PhD IN NURSING CURRICULUM

The total curriculum consists of 90 credit hours post baccalaureate in the following categories:

Theory and Research (18 credit hours)
NURS 571 Theoretical Development in Nursing (3)
NURS 573 Research Grantsmanship (3)
NURS 574 Quantitative Nursing Methods (3)
NURS 575 Qualitative Research Methods in Nursing (3)
NURS 580 Research Practicum (3 - 6)
Theory and research electives (3)

Nursing Science (18 credit hours)
NURS 570 Epistemology and Philosophy of Nursing (3)
NURS 572 Vulnerable and Diverse Populations (3)
NURS 577 Healthcare Ethics and Diversity (3)
Nursing science and practice electives (9)

Scholarly Tools (9-12 credit hours)
Courses in statistics and/or qualitative analytical approaches, including at least one course in multivariate statistics.

Functional Component (9-12 credit hours)
NURS 509 Foundations of Nursing Education (3)
NURS 566 Curriculum Development (3)
NURS 567 Teaching Strategies (3)
NURS 568 Teaching Practicum (2)
NURS 569 Assessment and Evaluation (3)

Electives (15 credit hours)
Courses will be selected by the students in consultation with the student's faculty advisory committee to develop the particular research thrust of the student.

Dissertation (18 credit hours), including
NURS 579 Doctoral Seminar (three 1-credit hour courses minimum)
NURS 999 Dissertation (15)

- Applicants with earned master's degrees from accredited schools may qualify for up to 36 hours of credit toward the doctoral degree.
- Credit will be awarded only for courses in which a grade of B or better has been achieved.
- A maximum of 24 credit hours may be transferred for the post-masters course work.
- Various nursing courses are offered by semester - not all courses are offered every semester.
- Students work with their advisors in scheduling required courses.

APPENDIX C - DOCTORAL PROGRAM REQUIREMENTS

PhD Program Requirements

The Ph.D in Nursing prepares nurse scientists to understand and critically evaluate the state of the science in order to identify gaps and generate new knowledge that contributes to the advancement of the discipline. Preparation for a career as an independent researcher requires a strong academic foundation and socialization in the role of nurse scientist. The Ph.D in Nursing requirements incorporate didactic, professional, scholarly, methodologic and collaborative experiences that are designed to promote the achievement of program objectives. Students seeking the Doctor of Philosophy degree at the University of North Dakota must satisfy all general requirements set forth by the Graduate School as well as particular requirements set forth by the Nursing Department.

External Grant Funding Proposal Submission

Ph.D. students will be required to develop and submit a nationally competitive grant to support their doctoral research. Application must be submitted no later than one year after advancement to candidacy. Students may not complete the dissertation and final examination if this requirement is not met.

Manuscript

Ph.D. students are required to submit an article for publication to a refereed journal. The manuscript must be submitted prior to approval of application for Notice of Dissertation Defense. Students may not complete the dissertation and final examination if this requirement is not met.

Presentation

Ph.D. students are required to present dissertation progress or results to a regional or national audience. Students may not complete the dissertation and final examination if this requirement is not met.

Intensive

Ph.D. students are required to attend all scheduled intensive experiences (maximum 2 per year). The intensive experience (3-5 days) will gather students and faculty for purposes of scholarship, networking and education. Students will be placed on probation for non-participation in the first missed intensive experience. Students will be dismissed from the program for non-participation in > 1 intensive experience.

</table>
Scholarly Development

Ph.D. student participation in scholarly development events is expected throughout the duration of enrollment. Participation in Friday noon (Central Time) discussions of Responsible Conduct of Research, Scholarly Review of work in progress, and research presentations, insofar as these address the national standard for the research-focused doctorate: “Create an environment in which mentoring, socialization of students as research scholars, and the existence of an intellectual community of scholars is evident” (American Association of Colleges of Nursing, 2010).

Comprehensive Examination

Ph.D. students must successfully complete a comprehensive examination prior to advancement to candidacy and approval of the dissertation proposal. Successful completion of the comprehensive examination must occur no later than the completion of the 6th year of matriculation.

Dissertation Seminar

Ph.D. students must be enrolled in dissertation seminar for a minimum of 3 semesters after advancement to candidacy. Students are encouraged to continue enrollment in dissertation seminar through the remainder of their matriculation until the time that dissertation and final examination is scheduled.

Dissertation and Final Examination

Ph.D. students will be required to complete a doctoral dissertation and a final examination administered according to the rules of the UND Graduate School.

Progression

Ph.D. students may not include courses on the program of study that are older than 7 years, if not taken as part of a completed degree. Students will be required to repeat courses that are older than 7 years. Revalidation of courses is not allowed.
## APPENDIX D - BACKGROUND CHECK PRODUCT SERVICE INFORMATION

<table>
<thead>
<tr>
<th>SERVICE</th>
<th>DESCRIPTION</th>
</tr>
</thead>
<tbody>
<tr>
<td>Nationwide Sex Offender</td>
<td>Provides records from Sex Offender Indexes from all 50 states (Sex Offender Registry)</td>
</tr>
<tr>
<td>Nationwide HealthCare Fraud &amp; Abuse Scan (FACIS III)</td>
<td>This is a search of disciplinary actions taken by federal agencies as well as those taken by licensing and certification agencies in all 50 states. This is the most comprehensive search method available. This includes OIG, GSA and other federal sources as well as state agencies. An individual may be the subject of adverse action by more than one agency for the same or different events. - FACIS (III)</td>
</tr>
<tr>
<td>Wants &amp; Warrants (Nationwide)</td>
<td>This is a search for any open arrest warrants for an individual. This search is a great search to perform to see if anyone might currently be wanted by the police on any matter. A database of records collected from various states, counties, and law enforcement agencies revealing if a person has an outstanding warrant; however, it is not all-inclusive. Should be followed up with a county criminal record search for re-verification to confirm the information reported.</td>
</tr>
<tr>
<td>Nationwide Criminal Records Database</td>
<td>The Nationwide Database is a key supplementary search which reveals criminal records in undisclosed locations and is complimentary to county searches. It includes information from the following sources: Proprietary Offender Data, Nationwide Sex Offender Database, AppALERT (Office of Foreign Assets Control - OFAC), the FBI Terrorist List and Federal/State/Local Wanted Fugitive Lists, Traffic Court, Department of Public Safety, seven years worth of information from the Administrative Office of the Courts and the Department of Corrections. This database contains over 150 million criminal records from 44 states and D.C. The age of the information and the type of information varies from state to state. - <strong>Internal Database + National Background Data</strong></td>
</tr>
<tr>
<td>Nationwide Federal Criminal Records</td>
<td>A federal crime is a violation of federal law or any crime committed on federal property. Federal laws govern crimes more severe in nature than those under the county of the state jurisdiction. Federal criminal records are available nationally or by state. - <strong>PACER (Public Access to Court Electronic Records)</strong></td>
</tr>
<tr>
<td>County Criminal Searches</td>
<td>County criminal records are the most accurate and up to date records that exist. They are updated from the moment the clerk of court enters the information into the system. Certified Background maintains a network of over 12,000 court researchers that physically enter the courthouses to pull the records. County criminal records are considered to be the ideal method of attaining accurate and thorough criminal background information. County criminal searches take approximately 24 – 72 hours to complete.</td>
</tr>
<tr>
<td>Statewide Criminal Searches</td>
<td>A statewide criminal record investigation accesses a state maintained repository of criminal records that typically includes records from every county courthouse in a state. Statewide searches are not available in all states. The thoroughness of statewide criminal record searches varies from state to state.</td>
</tr>
<tr>
<td>Verifications (Professional License, Reference, Education, Employment)</td>
<td>In attempts to appear more qualified, applicants often falsify and embellish their resumes. In today's face paced environment, HR departments are overworked. By outsourcing verifications, employers are guaranteed that all verifications are thoroughly completed in a timely manner. Employment verifications detail former employers, dates of employment, job title and rehire eligibility. Education Verifications verify the highest level of education that the applicant completed. Reference verifications report the findings of in-depth interviews of an applicant's professional references. Professional license verifications confirms the existence of an applicant's license in a given field. Reports include the status of a professional license, the date of issuance, state of origin, complaints, suspensions, and the expiration date. - <strong>Primary Source</strong></td>
</tr>
</tbody>
</table>

PHD Nursing Student Handbook 2012-2013 Page 41
| Credit Report | A credit report summarizes the financial obligations of an individual. A credit report catalogs an individual's income range, debt to income ratio, public records, collections, current negative accounts, previous negative accounts, installment and revolving accounts, as well as address and employer information. - TransUnion |
| Residency History | A residency history is a search conducted using the IRB database that compiles information from various sources, including voting and property records, to arrive at a list of names and addresses that have been associated with a specific Social Security number. These past addresses provide a map to know which counties and states to search for criminal records that the applicant may have purposefully omitted, thus helping ensure a more thorough investigation of criminal records. |
| Social Security Trace | Verifies that the student's SSN is valid and is not associated with fraudulent activity (using the IRB database) |
STATEMENT OF ABSENCE OF SYMPTOMS (TUBERCULOSIS) - Policy 247b

Because I have a positive tuberculin skin test, I agree to sign this document.

I, the undersigned, do attest to not having communicable disease symptoms of tuberculosis (productive or prolonged cough, fever, chills, loss of appetite, weight loss, fatigue or night sweats*).

I, the undersigned also attest to having a negative chest x-ray as documented by the attached note from the radiologist, dated:________________________. I have agreed to have this chest x-ray at my own expense as required; I understand that it is required because the tuberculosis skin test was positive I hereby assume social and economic responsibility for myself as follows:

Should I or my clinical professor with whom I work or study note the appearance of any of the above or other signs and symptoms of tuberculosis, which may indicate illness, I will seek medical consultation regarding my health in relation to working/studying in nursing.

I will remain out of the clinical and classroom setting until I am declared by my health care provider to be free of communicable signs/symptoms; I will submit to my faculty a permit from my health care provider attesting to my health status. I will provide a copy of that permit to the College of Nursing Office of Student Affairs.

____________________________________
Signature Date

I verify the student is free of communicable disease symptoms of tuberculosis.

APPENDIX I - DOCTORAL COMPREHENSIVE EXAM POLICY

Policy Number: 614
Policy Name: Doctoral Comprehensive Examination Policy
Reviewed by: Graduate Council
Last Review Date: 05/06/11

PhD Comprehensive Examination

All students seeking a Doctor of Philosophy degree must take a written comprehensive examination after a substantial portion of the coursework has been completed. Students must apply for permission to take the doctoral comprehensive examination on the “Doctoral Comprehensive Examinations” form available online from the UND Graduate School. (Undergraduate and Graduate Academic Catalog). The doctoral comprehensive examination will be offered in fall and spring semesters. The opportunity to take doctoral comprehensive examination in summer semester will be determined by the Graduate Council.

Eligibility

Eligibility or student readiness for the doctoral comprehensive examination will be determined in conjunction with the major advisor and will normally occur following completion of the nursing discipline and scholarly tools course work. Ideally, the scheduling of the comprehensive examination will be during or after the final semester of pre-dissertation course work. Students must have an approved Doctoral Committee and program of study to be eligible to apply for the doctoral comprehensive examination.

The student will apply to take the doctoral comprehensive examination using the “Doctoral Comprehensive Examinations” form. Students will be eligible to take the doctoral comprehensive examination upon approval of the Dissertation Committee Chair (Major Advisor), PhD Program Director and Dean of the Graduate School.

Students who do not pass the doctoral comprehensive examination may repeat the procedure once, in accordance with the Graduate School’s policy. The student who does not successfully complete the doctoral comprehensive examination in two attempts is academically disqualified to continue in the PhD program.

Purpose

The purpose of the doctoral comprehensive examination is to evaluate the student’s ability to creatively synthesize and integrate complex knowledge from nursing and related disciplines while exploring a concept with relevance for nursing (capstone experience). The doctoral comprehensive exam includes a written and oral component.

The areas of evaluation for the doctoral comprehensive examination include the following:

1. Nursing discipline knowledge, encompassing materials from NURS 570, 571, 577, and 572;
2. Knowledge in area of interest/inquiry, encompassing a line of inquiry and synthesis of the student’s specific field of interest;
3. Methodologic and analytic knowledge, encompassing scholarly tools, research methodologies, from NURS 574, 575, 573, and the student’s specific analytic tools courses.
Written Doctoral Comprehensive Examination

The written examination will consist of a scholarly paper demonstrating synthesis and integration of nursing discipline knowledge, scholarly tools and the student's problem area. The written examination will be in the format of either a research grant proposal or a publishable manuscript for a peer-reviewed journal. While the comprehensive exam should synthesize previous coursework, it should not duplicate an assignment from previous courses. The student should consult with his/her advisor to determine the appropriate format.

Oral Doctoral Comprehensive Examination

Examination will include questions related to the three areas of evaluation as defined above. The oral examination will also address written feedback regarding the student's performance on the written portion of the doctoral comprehensive examination.

Approved by Doctoral Council 5/19/2004; R 12/7/2004; R 2/17/06; R 10/16/09

Approved in Graduate Council 12/4/09; Edited 4/23/10; R 3/4/11; R 5/6/11

APPENDIX J – DOCTORAL COMPREHENSIVE EXAM PROCEDURE-POLICY 614A

Policy Number: 614a
Policy Name: Doctoral Comprehensive Examination Procedure
Reviewed by: Graduate Council
Last Review Date: 05/06/2011

Intent to Take Doctoral Comprehensive Examination

Students must confer with the permanent faculty advisor regarding their readiness for the doctoral comprehensive examination. Submission of the application to take the doctoral comprehensive examination will serve as an indication of student intent and readiness for examination. The doctoral comprehensive examination application will be submitted to the office of the Associate Dean for Graduate Studies by September 15 (fall semester), February 1 (spring semester) or April 15 (summer semester, if available).

Doctoral Comprehensive Examination Committee Determination

A committee of three tenured/tenure track faculty members with full graduate faculty status will comprise the Examination Committee. The student may request, in writing to the PhD Program Director, one member for the examining committee. Two members with content expertise will be recommended by the Graduate Council. The PhD Program Director will consider these recommendations in appointing and notifying the three faculty members of their appointment to serve as examiners. One faculty member will be designated the convener of the committee. Faculty selected by the Graduate Council will serve on no more than three Examination Committees in a semester.

Students are expected to demonstrate the following:

- The ability to systematically explore a concept or phenomenon demonstrating nursing discipline knowledge.
- The ability to critically analyze and synthesize the literature, supporting the development of a cogent argument and meaningful, defensible conclusions.
- The ability to demonstrate knowledge of scholarly tools in the advancement of new knowledge.
- The ability to communicate a line of inquiry and synthesis of the specific field of interest clearly and logically.

Criteria for Evaluation of the Doctoral Comprehensive Examination

Evaluation criteria include the following:

Nursing discipline knowledge
• Explicate and evaluate theoretical underpinnings referenced in written comprehensive examination using documented criteria and standards.

• Specify theoretical statements from referenced theory. The theoretical statements may include definitional statements, existence statements, and relational (associative and causal) statements.

• Select two theoretical statements referenced above and address the following:
  o Analyze the assumptions, structure and implications of each statement
  o Judge each statement’s adequacy and appropriateness for directing the development of nursing knowledge.
  o Analyze the potential benefit and ethical implications with vulnerable populations.

Knowledge in area of interest/inquiry

• Synthesize the state of knowledge

• Identify significant gaps in knowledge

• Identify how new knowledge would benefit the discipline of nursing

Methodologic and analytic knowledge (scholarly tools, research methodologies, analytic tools)

• Identify the philosophical underpinnings of the method referenced in written comprehensive examination

• Identify the strengths and limitations in
  o Design
  o Methods
  o Analysis

Written Doctoral Comprehensive Examination

Three copies of the scholarly paper must be submitted to the Associate Dean of Graduate Studies office at least 4 weeks prior to the end of the semester during which the student intends to take the examination.

Examination Committee members will meet within ten business days of receiving the paper. If two of the three members indicate the paper is satisfactory, the committee will schedule the student oral examination. The convener will notify the student in writing of the date, time, and location within one week following the meeting.

If a student’s paper is determined to be unsatisfactory, the convener will notify the student in writing along with the Examining Committee’s recommendations for improvement. It is recommended that the student make an appointment to meet with a committee member to review recommendations. The student may continue course work except for dissertation seminar (NURS579) and dissertation credits (NURS999).
examination will be graded by the original Examining Committee whenever possible. Upon passing the written doctoral examination, the oral doctoral examination will be convened.

Format

Options for doctoral comprehensive examination format include a research grant proposal or a publishable manuscript prepared for a peer-reviewed journal. If either of these formats does not logically allow the student to meet all criteria for evaluation, a maximum of 5 additional double-spaced pages may be included to address the missing content areas. Specific areas to include would be those that were not addressed in the written doctoral comprehensive examination, developed to demonstrate how these areas inform the primary examination and fully address examination criteria. Papers must be typed using Times New Roman 12-point font and double-spaced using the following format requirements:

The research grant proposal will use the format required by the National Institutes of Health R-series awards, limited to a maximum of 13 pages (similar to that of the R01 funding mechanism). The description for the required components is based on the PHS SF424 (R&R) Application Guide for NIH and Other PHS Agencies, unless otherwise indicated.

- Specific Aims (1 page)
  
  State concisely the goals of the proposed research and summarize the expected outcome(s), including the impact that the results of the proposed research will exert on the research field(s) involved.

  List succinctly the specific objectives of the research proposed, e.g., to test a stated hypothesis, create a novel design, solve a specific problem, challenge an existing paradigm or clinical practice, address a critical barrier to progress in the field, or develop new technology.

- Research Strategy (12 pages)
  
  Organize the Research Strategy in the specified order using the instructions provided below. Start each section with the appropriate section heading – Significance, Innovation, Approach. Cite published experimental details in the Research Strategy section and provide the full reference in the Bibliography and References Cited section (not included in the page limit).

  o Significance

  - Explain the importance of the problem or critical barrier to progress in the field that the proposed project addresses.

  - Explain how the proposed project will improve scientific knowledge, technical capability, and/or clinical practice in one or more broad fields.

  - Describe how the concepts, methods, technologies, treatments, services, or preventative interventions that drive this field will be changed if the proposed aims are achieved.
Innovation

- Explain how the application challenges and seeks to shift current research or clinical practice paradigms.
- Describe any novel theoretical concepts, approaches or methodologies, instrumentation or interventions to be developed or used, and any advantage over existing methodologies, instrumentation, or interventions.
- Explain any refinements, improvements, or new applications of theoretical concepts, approaches or methodologies, instrumentation, or interventions.

Approach

- Include a synthesis of a review of the literature and preliminary studies that provide justification and feasibility for the project (Russell & Morrison, 2011).
- Describe the overall strategy, methodology, and analyses to be used to accomplish the specific aims of the project.
- Include how the data will be collected, analyzed, and interpreted as well as any resource sharing plans as appropriate.
- Discuss potential problems, alternative strategies, and benchmarks for success anticipated to achieve the aims.
- If there are multiple Specific Aims, Significance, Innovation and Approach may be addressed for each Specific Aim individually, or may address Significance, Innovation and Approach for all of the Specific Aims collectively.

- Timetable
- Future Directions

A publishable manuscript should address the specific author guidelines of a peer-reviewed journal that is appropriate for the topic and methods. The appropriate journal is determined in collaboration with the student’s advisor. A copy of the author guidelines is to be attached to the completed paper. The length of the manuscript should be limited to a maximum of 13 pages.
Oral Doctoral Comprehensive Examination

After satisfactory completion of the written portion of the examination, the examination convener will provide written feedback regarding the student’s performance on that portion of the doctoral comprehensive examination to the student prior to the implementation of the oral portion of the examination. The oral doctoral comprehensive examination will be scheduled within 10 business days following the communicated results of grading of the written portion of the examination.

During the oral doctoral comprehensive examination, the Examination Committee will address questions to the student concerning the three areas of evaluation and feedback from the written doctoral comprehensive examination. Immediately following the oral doctoral comprehensive examination, the Examination Committee will meet in executive session to determine whether the student has passed the examination. The Examination Committee will consider the established criteria for the doctoral comprehensive examination and the ability of the student to discuss the criteria in a knowledgeable manner during the oral doctoral comprehensive examination. Two out of the three examiners must concur in order for the student to pass the examination. Students will be apprised of the final outcome of the oral comprehensive examination within 2 business days.

Grading

The student will be notified verbally and in writing of the Examination Committee’s decision. The convener will notify the Dean of the College of Nursing and PhD Program Director utilizing the Doctoral Comprehensive Examination form that a student has been successful. A written summary report will be prepared by the convener. The written summary report will be provided to the student and a copy placed in the student’s file. A copy of this written report will be forwarded to the student’s advisor, if the advisor was not a member of the examining committee. The student may then enroll in dissertation seminar (NURS579) and dissertation credits (NURS999).

In the event that the student is not successful, the Examination Committee will provide the student with guidelines for improving performance. The convener will note in the student’s file that the student had been unsuccessful with passage of the first doctoral comprehensive examination attempt.

Students who do not pass the doctoral comprehensive examination may repeat the procedure once, in accordance with the Graduate School’s policy.

The student who does not successfully complete the doctoral comprehensive examination in two attempts is academically disqualified to continue in the PhD program.

(rev. 2 2011)
APPENDIX L - GUIDELINES FOR GRADUATE STUDENT

Grievance Hearings

Guidelines for Graduate Student Grievance Hearings, University of North Dakota
(Revised by the Graduate Committee November 20, 2006)

Note: These guidelines are periodically reviewed and revised by the Graduate Committee. Please consult The Graduate School web site or contact The Graduate School for the most current guidelines.

The Graduate Committee hears grievances brought by graduate students seeking redress on academic decisions made by the Graduate Dean. This document sets out the procedures for the consideration and hearing of student grievances.

I. PRINCIPLES UNDERLYING STUDENT GRIEVANCE HEARINGS

A. The procedures should be fair and transparent;
B. Student grievances should be dealt with within a reasonable time, decisions should not be rushed, and all information relevant to reaching a fair decision should be taken into consideration;
C. A grievant may be accompanied by an advisor, who may be a lawyer, when appearing at any grievance hearing;
D. The principle parties should have equal access to relevant information and documentation;
E. An individual's privacy and confidentiality should be respected, subject to the need for an open and fair investigation.
F. Procedures should ensure that, where a grievance is upheld, appropriate action is taken;
G. Members of a student grievance hearing panel should disclose any professional or personal relationship they may have with any of the parties;
H. Members of a student grievance hearing panel should recuse themselves if they have a conflict of interest and/or may have difficulty objectively reviewing the facts and information presented.

II. GRADUATE SCHOOL STUDENT GRIEVANCE DOMAIN AND PROCEDURES

A. The Graduate Committee will review written student grievances concerning academic decisions made by the Graduate Dean.
B. The Graduate Committee does not review the substance of grievances of course grades, allegations of academic dishonesty or scientific misconduct, matters relating to employment or assistantships, or allegations of discrimination. If it has been determined by the relevant administrators or committees that situations such as these have occurred, the Graduate Committee may review whether actions of the Graduate Dean were made on sufficient grounds.
1. Grade grievances are subject to review by the College in which the course is offered.

2. Allegations of academic dishonesty, scientific misconduct, and discrimination are subject to review by the College in which the academic dishonesty, scientific misconduct, or discrimination is said to have taken place.
C. Definitions:
"Graduate Dean" refers to the Dean of the Graduate School or his or her designee.
2. "Day" means normal university school day when regular classes or examinations are held, not including Saturday and Sunday.
3. A Graduate Student Grievance Hearing Panel may be convened during the summer if all the parties are available, and sufficient members of a Graduate Student Grievance Hearing Panel can be available.
4. "Grievance Hearing" is the formal meeting in which the student and other principle parties present information regarding the grievance, and the course of events that led to the filing of the grievance.
5. "Grievance Hearing Panel," hereby known as the Panel, is the group of Graduate Committee faculty and student designee who are chosen to be present at a grievance hearing.
6. "Grievant" is the student filing the grievance.

D. A Panel consists of the Chair or Vice Chair of the Graduate Committee acting as non-voting Chair of the Panel, four voting members of the Graduate Committee and one voting graduate student (normally the Graduate Committee student member). Each Student Grievance Hearing will be heard by a separate Panel appointed by the Graduate Committee Chair. When establishing Panels, the Graduate Committee Chair will consider the expertise and experience of the members, their familiarity with student grievance hearings, the breadth of background they bring to the Panel, and the potential for perceived conflicts of interest. In the process of setting Panels, Panel members should indicate if they have any potential conflicts of interest. In the event that the Chair of the Graduate Committee is associated with the grievant's department, or in some other way has a conflict of interest, delegation of Panel members will fall to the Vice Chair of the Graduate Committee. The grievant and the Graduate Dean may each disqualify, for any reason, up to two of the Graduate Committee members from serving on the Panel.

III. FILING A GRIEVANCE

A. A student who disputes an academic decision should first discuss his or her concerns with the Dean of the Graduate School.
B. The student must file seven copies of a Request for Grievance Hearing (see section III. D, below) stating the grounds and argumentation in support of a grievance to the Chair of the Graduate Committee, not to exceed 10 double-spaced pages excluding attachments. The Chair of the Graduate Committee will review the request to make certain it grieves an action of the Graduate Dean. Grievances that are not within the jurisdiction of the Graduate Committee will be dismissed and returned to the student.
C. A grievance hearing is not a rehearing of the case. The following shall be allowed as grounds for grievance:

1. Action of the Graduate Dean not being commensurate with the problem being addressed.
2. Decisions contrary to the weight of evidence.
D. Seven written copies of the Request for Grievance Hearing must be submitted to the Chair of the Graduate Committee no later than 20 days after receiving notification of the action that the student is seeking to be overturned or changed. The request should identify:
1. The disputed academic decision (within the jurisdiction of the Graduate Committee);
2. The person that made the decision;
3. The date the decision was made;
4. All efforts made to resolve the dispute informally and formally;
5. Information directly relevant to the Panel's review of the grievance;
6. Relevant witnesses or individuals whom the grievant may call during the hearing;
7. Any other relevant pertinent evidence or documents and;
8. The desired outcome the student is seeking as a result of a grievance hearing.

E. The Graduate Committee chair will notify the student in writing of his or her decision regarding the Request for Grievance Hearing within 5 days of receiving the request. If the Graduate Committee chair approves the Request for Grievance Hearing, the student will receive a list of prospective members of the Panel with the letter notifying them of the chair's decision. The Recording Secretary will also send the Request for Grievance Hearing and supporting information to the Dean of the Graduate School within 5 days of the approval decision.

F. Within 10 days of receiving notice of the grievance from the Recording Secretary, the Graduate Dean will provide six copies of a written response (and supporting documents) to the Graduate Committee Chair and one copy to the grievant. The response may not exceed 10 double-spaced pages excluding attachments. The request should identify:
   1. Issues raised by the grievant;
   2. All efforts made to resolve the dispute informally and formally;
   3. Information directly relevant to the Panel's review of the grievance;
   4. Relevant witnesses or individuals whom the Graduate Dean may call during the hearing;
   5. Any other relevant pertinent evidence or documents; and
   6. The desired outcome the Graduate Dean is seeking as a result of a grievance hearing.

IV. INITIAL REVIEW OF GRIEVANCES

Within 10 days of receiving the Graduate Dean's response, the Chair of the Graduate Committee will appoint a Panel, as outlined above and communicate the names of the Panel members to the grievant and the Graduate Dean. The grievant and the Graduate Dean must inform the Chair of the Graduate Committee within 5 days if he/she wishes to disqualify any prospective Panel members. Once the Panel has been established, a date for the hearing will be set. The Chair of the Panel will send notice of the hearing to the student and the Graduate Dean. The notice will include the date, time, location and procedures of the hearing. The Chair of the Panel may invite others to provide information at the hearing. The grievance hearing will be normally scheduled within 10 days of the Graduate Dean's written response to the filed grievance.

V. MEDIATION

At any time the parties may consider mediation of outstanding issues. None of the parties or the Graduate Committee will conduct the mediation. All applicable timelines remain in effect, unless extended by the Chair of the Graduate Committee.

VI. GRIEVANCE HEARING

A. If either party intends to submit supplemental materials (six copies) to the Panel for consideration, he/she must also provide hard copies to the other parties to the hearing. All copies must be provided at least 5 days prior to the scheduled hearing. These materials may not exceed 10 double-spaced pages excluding attachments. Failure to provide copies in time may result in the materials not being considered by the Panel.
B. Hearings will be conducted in a manner conducive to ascertaining the facts of the case. Parties to the grievance will be provided an opportunity to:
1. Be present and hear all arguments and oral statements made to the Panel during the hearing;
2. Make arguments, present oral statements and written documents, and call witnesses with regard to issues of fact relevant to the grounds for grievance; and
3. Ask questions of other witnesses, either directly or through the Chair (to be determined by the Chair).

C. Each party may be accompanied at the hearing by an advisor, who may be a lawyer. The advisors are not allowed to address the Panel, question witnesses, or take an active role in the proceedings. The advisor is simply there to provide advice to a party. The Graduate Dean will not bring a lawyer unless the grievant indicates he/she intends to bring a lawyer. If the grievant intends to bring a lawyer, he/she should notify the Graduate Dean and the Chair of the Graduate Committee 5 days prior to the start of the hearing.

D. At any time, the Chair of the Panel may consult an advisor or a lawyer, call witnesses, or ascertain information deemed relevant to the grievance. The Chair of the Panel is authorized to request the appearance of additional witnesses or the submission of additional information necessary to clarify an already introduced issue. The Panel may address questions to any person participating in the hearing.

E. The Panel may establish time limitations for the oral presentations of the parties. As a regular order of business, each party will have 30 minutes for presentation, inclusive of time allocated to allowing witnesses to speak. It is recommended that long statements by witnesses be presented in written form as attachments to the original grievance or response.

F. The formal rules of evidence do not apply to Grievance Hearings. All information not repetitious or irrelevant may be admitted, subject to guidelines of time and length.

G. No witness will be allowed to attend the hearing before he or she testifies or until he or she has been released.

H. Hearings will be closed to the public unless the student wishes them to be open. If the hearings are open, great care must be exercised by all who speak to protect the privacy of others who are not parties to the proceedings.

I. In hearings involving a single incident with more than one student, a single hearing may be scheduled for all of the students. If the Chair determines that it would be in the best interest of individuals involved, separate hearings may be provided. When collective hearings are held, individual findings, decisions, and recommendations will be rendered. Students who do not file a grievance will not automatically benefit from a grievance filed by another student.

J. The hearing will be recorded. Both parties may access the recording, after the final report is issued, by contacting the Recording Secretary of the Graduate Committee.

K. The Chair may require someone to leave the hearing whose conduct or presence may impede the hearing process.

L. All documents, recordings and findings will be subject to the university’s records retention policy.

VII. ORDER OF PROCEEDINGS IN A GRIEVANCE HEARING

A. The Chair will begin the hearing with a brief opening statement. The Chair will then ask each person in the room to introduce himself or herself for the record. The Chair will state the reason for the hearing, describe the role of the Panel and explain the procedures to be followed. The Chair will ask the student
filing the grievance whether he or she wishes the hearing to be open or closed. If the student requests a closed hearing, only the Recording Secretary, the principle parties, the Panel and, if applicable, their advisors shall remain. Witnesses will only be allowed in the room when they are presenting, but may be asked to remain available to answer additional questions later in the proceedings.

B. Following the Chair's summary, and unless otherwise determined by the Chair of the Panel, the order of presentation will be:
   1. Grievant presents case, including witnesses and other evidence (30 minutes). Members of the Panel may ask brief questions to clarify a point, but in general the student should be allowed to present without interruption. Witnesses must exit after providing their information, and should not be allowed to speak with each other until released. They should be available for questions later;
   2. Graduate Dean presents case, including witnesses and other evidence (30 minutes). Members of the Panel may ask brief questions to clarify a point, but in general the Graduate Dean should be allowed to present without interruption. Witnesses must exit after providing their information, and should not be allowed to speak with each other until released. They should be available for questions later;
   3. Panel members question either party or witnesses. Determination of the order of questions, requesting the presence of witnesses, and managing the dialog during the hearing is done at the discretion of the Chair in consultation with other members of the Panel;
   4. Summary by the Graduate Dean (5 minutes);
   5. Summary by the Student (5 minutes);
   6. Declaration by the Chair that the hearing is concluded.

VIII. FINDINGS, DECISIONS, AND RECOMMENDATION OF THE PANEL

A. Upon completion of the hearing, the Panel will meet in closed session for deliberations. If the student requests an open hearing, then deliberations will also be open. If the process requires more time than originally scheduled, the Panel may suspend its discussion and reconvene at an agreed upon later date and time. A simple majority vote of the Panel is required for all findings, decisions, and recommendations.

B. If, in the course of deliberations, the Panel determines it would like to obtain additional information from either party, or from any other individual that the Panel feels could provide useful information, the Chair of the Panel will reopen the hearing at a mutually convenient time for all parties.

C. The Panel Chair will prepare a written final decision, to include:
   1. A statement addressing the subject of the grievance;
   2. A decision that indicates whether the grievance is upheld, denied, or if a modified solution to the situation is recommended;
   3. (Optional) recommendations, if appropriate, for further actions by University authorities.

D. All members of the Panel sign the Decisions, Findings, and Recommendations document.

E. The Panel will provide the grievant and the Graduate Dean with a copy of the decision of the Panel within 10 days from the date of the conclusion of the hearing.

IX. SUBSEQUENT HEARINGS

A. The Panel acts on behalf of the Graduate Committee. The student may grieve the decision of the Panel to the Student Academic Standards Committee.
REQUEST FOR GRADUATE STUDENT GRIEVANCE HEARING

A student’s request for a grievance hearing must be submitted within 20 days after receiving notification from the Graduate Dean of the action that the student wishes to have overturned or modified.

Please use this form for an Academic Grievance.  
http://graduateschool.und.edu/_files/docs/academic-grievance-hearing.pdf

Please attach additional sheets if needed to provide the information as completely as possible.

1. The disputed academic decision (within the jurisdiction of the Graduate Committee),

2. The person that made the decision,

3. The date the decision was made,

4. All efforts made to resolve the dispute informally and formally,

5. Information directly relevant to the Panel’s review of the grievance,

6. Relevant witnesses or individuals whom the grievant may call during the hearing,

7. Any other relevant pertinent evidence or documents, and

8. The desired outcome the student is seeking as a result of a grievance hearing.

This form and attachment(s) should be submitted in person or by mail to:

Graduate Committee Chair
